## Services

**Free Survey:** Our Surveyors will visit your home/office/factory & give a detailed analysis costing and methodology best suited for your goods.

## RELOCATION PROCESS

### Inventory Management

To ensure the safe transit of your effect, we will prepare a detailed inventory of your household goods, numbering and describing each item. This document is then checked, cross-checked and tracked at regular intervals from the moment your shipment is collected to safe delivery at intended destination.

### Transit

PGM has a network of one of the largest, dedicated fleets of Container vehicles. All client moves are managed through our centralized logistics management centre. This means a more cost-effective, efficient and timely service, regardless of shipment size or destination PGM will work with you to develop a moving schedule that meets your needs and also help you reduce costs where possible.

### Delivery

All Relocation companies deliver, but at PGM, we go that step further. Part of our relocation service includes unloading and unpacking all your furniture, positioning furniture where you want it, and then removing all the packaging debris. We're all about helping to make it easy for you to settle into your new home.

# RELOCATION PREPARATION

## Packing

We use high quality packing materials means that your goods are safely prepared for the move.

- PGM packs all of your household goods and effects "In your home."
- All materials used are "designed specifically" to protect your valuable assets in transit.
- Fragile items such as China & Glassware are wrapped in specialized paper or bubble wrap & then packed in double-thickness cartons.
- Items requiring specialist care, such as antiques, can be packed in made-to-measure wooden crates.
- Each household item to be moved is labeled individually and an inventory list prepared

Correctly packing your household items is the key to a successful relocation. Our packers and supervisors are fully trained moving professionals & can pack everything in your home. This can be a huge times saver for your family as well as give you peace of mind knowing everything will arrive at your destination just as it was when packed.

## Furniture protection

PGM uses Heavy thickness corrugate paper sheets and stretch film to wrap and protect all your heavy furniture during your move.

Soft furnishing such as lounge settees and arm chairs are placed in polythene or plastic protector bags which safeguard against marking during your move.

High value antiques & works of art which require specialist care can be packed into made to-measure wooden crates.

PGM is committed to a sustainable environment, and as a consequence the majority of our materials are recycled.

## Packing with PGM

- Purpose designed packing cartons
- Professionally trained packers
- Save time and energy
- Peace of mind

## Vehicle Transportation

Our specialist transport service partners provide tailored vehicle transport solutions for our clients. They can arrange the door-to-door transfer and storage of motor vehicles, motorcycles, boats and trailers.

## International moving

The best way to start planning for your international relocation is to schedule a free visual survey of the items you wish to move. For the most accurate cost estimate an PGM consultant will visit your home to do a visual survey of your belongings. During this appointment our representative can advise you on issues including international duties and taxes, as well as current country specific trends and items that are restricted or prohibited in the destination country.

If your international move is temporary you may consider storing some items until your return to the states. Your consultant can discuss with you the many options available for packing, shipping, storage of any nonessential items and transit time for your goods.

### **Our services include:**

- Expedited airfreight for all size shipments
- Worldwide ocean freight shipping for all size shipments
- Vehicle shipping
- Special project management
- Comprehensive move preparation counseling
- Host country shipment counseling
- With over 150 agents worldwide

With PGM you receive a true door-to-door, single-source solution for your international household goods move.

## SECURITY AND PROTECTION

### Storage

When in our care your effects will be stored in purpose-built modules designed to enhance the security and safety of each item. Our dedicated storage facilities allow easy access to your goods subject to reasonable notification. This allows you to add or remove items at your convenience.

### Storage with PGM

- Peace of mind, safety and security
- Easy, accessible storage
